

Capabilities

CNC Milling

Haas VF-2 Machining Center
(X=30", Y=16", Z=20")

Haas VF-3 Machining Center
(X=40", Y=20", Z=25")

Haas VF-4 Machining Center
(X=50", Y=20", Z=25")

Haas 5C, 4th Axis Rotary Indexer

Haas 210, 4th Axis Rotary Indexer

CNC Turning

Haas SL-20 Lathe (10" X 20")
automatic bar feeder up to 2"

Haas SL-30 Big Bore Lathe
(17" x 30") 4" bar capacity

Haas ST-30SSY Lathe (16" x 23")
with 3" bar capacity and live tool
milling capabilities

Fabrication

Assembly

MIG/TIG Welding

Shop Support Equipment

Bridgeport Series II Milling Machine
(x=36"; y=12")

Sharp Milling Machine (x=24"; y=8")

Sharp Lathe (15"x32")

American Pace Maker Lathe (16" x 54")

Acer Automatic Surface Grinder (8" x 18")

Surface Grinder (6" x 18")

Sunnen Hone

Cabinet Style Sandblaster

Saws

CAD/CAM Software

Mastercam X-9

About Metal Solutions Inc.

Metal Solutions is a premier machine shop that produces precision components to exacting customer specifications. We provide cost effective solutions for various industries. The major industries we serve include the energy, glass container, material handling, medical, mining, purification technologies and safety industries.

With our milling and turning CNC machining centers and various shop

support equipment, we can produce both large and small production runs as well as prototypes. We work with a variety of materials such as carbon and stainless steels, aluminum, brass, bronze, and plastics. With the experience and expertise of our machinists we can turn around very complex jobs quickly.

We are committed to producing quality parts delivered on time and at a competitive price. Reliability is our number one priority.
